

BROADVIEW GROUP

ABOUT US

Broadview Group invests in and partners with successful business owners and growth-oriented leadership teams to help scale and create significant and sustainable businesses. Our permanent capital base and long-term perspective ensure true alignment with our partners and portfolio companies. Broadview Group's principals have decades of experience leading and scaling businesses and providing strategic insight and other expertise as executives, lead investors and board members in a variety of businesses and industries.

WHY PARTNER WITH US?

Broadview's principals bring over 50+ years of operating and investing experience in 20+ current and previous portfolio companies. We've combined the best of the private equity, family office, and corporate business models into a firm best suited to partner with middle-market companies interested in growing and creating significant long-term value. Our permanent capital means we don't have to sell a business. We sell only when the time aligns with the vision and needs of the company, not because an investment vehicle or fund has expired.

WE BUILD BUSINESSES DIFFERENTLY

PEOPLE

Nothing exceptional gets built without a great team.

PERSPECTIVE

It is just one of the many differences between *investors* and *owners*.

PURPOSE

It's why we get up in the morning.

PARTNERSHIP

It starts with a common set of values. Integrity. Humility. Alignment. Transparency.

PERFORMANCE

The result. The scoreboard.

INVESTMENT CRITERIA

- Headquarters in U.S. or Canada
- Company Size:
 - Revenue: \$25mm - \$250mm
 - EBITDA: \$3mm - \$20mm
- \$15mm - \$75mm equity investments
